

Today: Finish the Lab (Do
three more reactions!)

Homework due Wednesday:
LAB REPORT + DOG VIOLIN

Purpose:

What did we learn in our 'Five Reaction'
Lab?

WARMUP:

Write five verbs for things you saw happen in
lab:

lighting, eye-hurting, bubbled,
combust, heat-absorbed, popping,
fog, color changed, heat-giving

bubbling, smoking, condensing,
dissolving, popping, gas-producing,
heating

Recall how to write correct names for these two compounds:
